A BILL

To amend the Public Health Service Act to provide best practices on student suicide awareness and prevention training and condition State educational agencies, local educational agencies, and tribal educational agencies receiving funds under section 520A of such Act to establish and implement a school-based student suicide awareness and prevention training policy.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Suicide Training and
5 Awareness Nationally Delivered for Universal Prevention
6 Act of 2021” or the “STANDUP Act of 2021”.

7 **SEC. 2. FINDINGS.**

8 The Congress finds as follows:

9 (1) Since 2010, suicide has been the second-
10 leading cause of death for young people ages 10
11 through 24. In 2019, 6,488 young people ages 10–
12 24 died by suicide.

13 (2) Based on the 2019 Youth Risk Behavior
14 Survey of the Centers for Disease Control and Pre-
15 vention (in this section referred to as “CDC”), 8.9
16 percent of youth in grades 9–12 reported that they
17 made at least one suicide attempt during the 12
18 months before the survey.

19 (3) While there is no complete count of suicide
20 attempts in the United States, CDC data suggests
21 that for every reported death by suicide among peo-
22 ple ages 10 through 24, approximately 33.5 young
23 people visit a hospital for self-harm related injuries.

24 (4) In 2019, suicide was the tenth-leading cause
25 of death overall in the United States, with over

1 47,500 people dying by suicide, and there were more
2 than twice as many suicides in the United States as
3 there were homicides.

4 (5) Youth often display warning signs and sig-
5 nals before harming themselves or others. Research
6 shows that 70 percent of those who die by suicide
7 tell someone of their plans or give another warning
8 sign.

9 (6) According to the CDC, the rates of suicide
10 among non-Hispanic American Indians and Alaska
11 Natives were 60 percent greater than the general
12 population in 2019 and are the highest of any racial
13 or ethnic group in the United States. In addition, a
14 study of CDC data from 2001 through 2015 shows
15 that suicide rates for Black children ages 5 through
16 12 were roughly 2 times higher than those of simi-
17 larly aged White children.

18 SEC. 3. STUDENT SUICIDE AWARENESS AND PREVENTION

19 TRAINING.

20 (a) IN GENERAL.—Title V of the Public Health Serv-
21 ice Act is amended by inserting after section 520A of such
22 Act (42 U.S.C. 290bb–32) the following:

1 “SEC. 520B. STUDENT SUICIDE AWARENESS AND PREVEN-

2 TION TRAINING POLICIES.

3 “(a) IN GENERAL.—As a condition on receipt of
4 funds under section 520A, each State educational agency,
5 local educational agency, and tribal educational agency
6 that receives such funds, directly or through a State or
7 Indian Tribe, for activities to be performed in schools with
8 respect to grades 6 through 12, including the Project
